## RALPH THEW WILL BE LAID TO REST TODAY

Tempe Saddened By Awful News of Accidental Death of Popular Young Man

The saddest blow that has struck Tempe in many a long month was the news received yesterday of the death near Walnut Grove in Yavapai county of Ralph Thew, a well known Tempe boy. The body arrived last evening about midnight and the funeral services will occur from the First Methodist church at 10 o'clock, following a short service in the home at 9:30. The services will be conducted by Rev. Wilbur Fisk, and interment will be made in Double Butte cemetery. Thew has lived here ever since he was a small boy of four years of age. He counted many friends who have watched him grow from childhood to manhood almost. He has attended school regularly and on account of his devotion to his work had endangered his health, which necessitated his trip to the mountains in search of rest. Charles Thew, a brother of the deceased, accompanied by his family, arrived in Tempe this evening from Hayden to attend the funeral services and to be with the other members of the family.

## SHOW TONIGHT

A special feature is billed for the Goodwin opera house tonight in the person of Count de Galvez, who performs feats of magic, is a ventriloquist, and works many stunts for the amusement of the spectators. He will be assisted in his performance by other members of his troupe.

Along with this feature, the usual four reels of motion pictures will be shown. The bill is: "The Surf Maidens," a breezy beach comedy; "Animated Weekly," showing all the latest, and "Shon, the Piper," a two-reel Scotch masterpiece.

## CHICKEN SUPPER

The ladies of the Mesas will give a chicken pie supper on Friday evening, April 17, in the Old fellows hall. Beside furnishing all that could be desired in the way of eats, the ladies have prepared a pleasing program for the entertainment of their guests. This will be given free and will be conducted in the main hall.

**You'll Grow Over "GETS-IT" for Corns!**

It Will Startle You How "GETS-IT" Gets Corns Every Time  
"One, two, three!" That's about as long as it takes you to apply "GETS-IT," the new-plant, simplest, surest corn cure the world has ever seen. Corn fussing is all over. Corns, corn

"This Is No Place For a Corn. Her Corns Are All Gone. She Must Have Used 'GETS-IT.'"  
The ladies of the Congregational Aid society gave Mrs. Harry Walker a surprise and farewell party Wednesday afternoon at the home of Mrs. H. G. Corson. Mrs. Walker, with her husband and daughter, has resided in the vicinity of Tempe for the past sixteen years, most of the time within the city limits.

## BIG DIVIDENDS ARE DECLARED

The Mesa Egyptian Cotton Exchange received a wire yesterday from McFadden Brothers of Providence, Rhode Island, which read, "Draw on us for \$10,000." The meaning of the message is that the growers of long staple Egyptian cotton in the Mesa section have just been made the beneficiaries in another dividend declaring stunt which is not yet over. There yet remain several bales with McFadden Brothers unaccounted for as well as a few bales shipped to Liverpool which have been sold but for which no account sales has been received. In addition to the several dividends that will be coming within a short time. There yet remain forty-two bales on the local yards which are the result of the ginning finished only a week ago. In other words the late seasons crop has not been shipped but it is thought that it will move out sometime next week. There is a demand but the local exchange is sparing for best prices and best conditions.

In order that there may be no confusion relative to the \$10,000 which has been received and its pro rata it is desired by the exchange officers that the information be circulated that the money which has been received will be distributed as soon as convenient. However, there are a few things that should be understood. The commission firm has not sent an account sales. In other words there are certain charges against every bale of cotton for freight, insurance, storage, etc. The local officials do not have that information nor can they get it until the commission men forward it. Just as soon as it arrives the bookkeepers will commence the task of giving out the money to the growers according to the interest they had in the McFadden shipments which are included in the \$10,000 and also making up an accompanying statement showing the total expenses incurred and amounts due. This is a laborious task and it would be much more convenient of course if the cotton could be sold in one lump for cash, but in order to get the most out of the product the exchange has preferred to use the commission plan which has proved the wiser course to pursue.

## PLEASED AUDIENCE

"The Wolf," one of the strongest productions appearing in the Mesa opera house this season was exceptionally well received by a splendid house. The lines, while decidedly striking in their originality were well handled by the cast. The scenery, the woods out of the northwest was well arranged and was a feature of the production. The production was refreshing from the fact that it was in the hands of artists and further because of its ability to take one from the usual run of the average play.

## OPENING ROADWAY

The lane bisecting section 14, located northeast of Mesa between the Brimhall and Mumford tracts, is to be made into a county road and will open up a new highway to the division gates. The improvement is needed and will do much toward improving that section of the country.

## MISSIONARY DAY

The missionary day of the Methodist church will be held today at the home of Mrs. B. L. Marsh near Chandler.

## WILL SERVE EASTER BREAKFAST

The Mesa Library board will serve Easter breakfast, Tuesday, April 14 by Rev. C. H. Dains for the best reproduction of his monthly address to that institution. The address was delivered from the platform to the student body present to take it in short hand. The notes were transcribed with the result that Miss Parker lead with a good average.

## A FAREWELL PARTY

The ladies of the Congregational Aid society gave Mrs. Harry Walker a surprise and farewell party Wednesday afternoon at the home of Mrs. H. G. Corson. Mrs. Walker, with her husband and daughter, has resided in the vicinity of Tempe for the past sixteen years, most of the time within the city limits.

## SUNDAY SCHOOL LITTLE ONES PLAN PROGRAM

The children of Hayden's primary Sunday school class have arranged to give an entertainment at the theater here on the evening of the 17th. It will be given in connection with the regular moving picture performance. They have announced the event in the following attractive little verse:

We are not afraid to work,  
We were never known to shirk,  
We are primary Sunday school kids  
And for your assistance now make our bids.  
We want to help furnish our Sunday school room,  
For on April 17th we are going to assume  
The responsibility of giving a play,  
The best you have seen in many a day,  
And at the National theater, for a small sum of money,  
Will give you something that is good  
And that is funny.

Just now the prospects are bright for the construction of a first-class baseball diamond here in the very near future, and all local fans are jubilant. The proposed site is just north of the mill dormitories in North Hayden and an accurate survey of the ground will be made within the next few days to obtain a quite accurate estimate of the cost. Several of our merchants have already expressed their willingness to contribute liberally to a fund for the same, and there seems no doubt that a simple sum can be raised with little effort.

R. P. Dunlap, land agent for the copper company at Ray, is quite ill in the hospital there, but it is now reported to be improving and will probably be out again soon.

Embry C. Stults went to Phoenix on Wednesday, where he will be detained for a few days of business.

L. S. Cates, D. D. Moffat and A. J. MacLean made a flying trip to Tucson in the Cates automobile Tuesday afternoon. Messrs. Cates and Moffat returned in the evening, but Mr. MacLean remained over a few days in the Old Pueblo.

Miss Bruce, nurse at the local hospital, has gone to New York to be gone several months and may decide to remain there permanently.

O. H. Smith, of the copper company's warehouse, has filed his resignation to take effect in the near future. He intends to go to Juneau, Alaska, to accept a position with the Alaska-Gastineau Mining company.  
On Tuesday evening, Edward Niebuhr entertained the young men of the copper company general office at a smoker, complimentary to John M. Beattie, whose leaving for Harley, N. M., has been announced for the near future. At the close of a most enjoyable evening, the Dutch lunch was served by the host. The occasion, which was intended as a good-bye event, was made happier by being transformed into a welcome when it became known that only a few hours before Mr. Beattie had changed his plans entirely and will accept a better position with the copper company at Ray instead of going to New Mexico. He will leave for Ray some time this week.

at Knights of Pythias hall. The ladies of the city are joining with their several organizations and the event gives promise of being one of the most largely attended events of the kind this season.

## INHUMAN TREATMENT REPORTED

The local police officers have been apprised of the shooting of three horses with a shotgun three miles east of the city. The animals are maimed and may be crippled so that they will be useless. It is believed that the crime was committed with malicious intent and a thorough search is to be made to apprehend the guilty party.

## COPLAN GETS CONTRACT

A. Coplan, the Mesa carpenter, secured the contract for the erection of the Lehi school building. The contract price was \$11,000. The structure is to be of cement brick with four large class rooms, one auditorium, principal's office, library room but no basement. The building is to cover 58 by 111 feet. It is to be the old mission style of architecture.
